

Your Patient Centered Medical Home

Dear Patient:

Welcome to the patient-centered medical home (PCMH) initiative, a new way of managing your health care! PCMH is not a building, a house, or a hospital. It is a model of care designed to improve the coordination of your health care with an emphasis on your all-around well-being.

KCHC has the following providers available to choose from:

Family Practice

Dr. E Kolanko, MD

Family Practice & Obstetrics

Dr. P Kolanko, MD

Dr. Patel, MD

Family Practice

Keven Mottinger, PA

Chad Brooks, PA

Alyssa Wilson, PA

Jennifer Hoenig, NP

Obstetrics/Gynecology

Dr. Raskin, OB/GYN

Pediatricians

Dr. Nelson, Pediatrician

Dr. Sharih, Pediatrician

Dr. Gerlach, Pediatrician

Physician Assistants are supervised by MD's and patients will be seen at least once per year by an MD to review their plan of care

I have identified _____ as my potential primary care provider (PCP) based on my healthcare needs and preferences. I would like to work with this provider in this new model of care.

Your provider will work with other health care providers to take care of you. As your care team, we will involve you in decisions about your health and health care, and thus be able to develop a stronger relationship with you. You will also have easier access to a medical provider through: phone calls, after hour's availability, and improved communications. These are all elements in our PCMH approach to your care.

If you are over 40 years of age and/or have a chronic condition for which you are being treated and have not seen your care team within the last year, please contact our office and schedule an appointment so we may reconnect to review your healthcare needs.

Attached is a list of our roles in working together to keep you healthy. If you have any questions, please call our office at 262-656-0044. We look forward to walking with you on the path to a healthier you!

Sincerely,

KCHC Medical/Behavioral Health

4536 22nd Avenue Kenosha, WI 53140

1330 52nd Street Kenosha, WI 53140
